Yamamoto, Declares However, That It Will Take Years for Nation to Forget Insult of America and Characterizes Action as Unjust and Unfair.

(By The Associated Press.)
TOKIO, April 21.—A declaration that war with America over the immigration question is impossible, but that it would take years for Japan to forget the "insult" imposed by the United States Senate when it voted to exclude Japanese from America, were among statements made today by Admiral Count Gombel Yamamoto, former premier of Japan, in an interview with the correspondent of The Associated Press.

There is no possibility of war resulting from the action of Congress," Yamamoto asserted. "Our sword leaps from the scabbard only when the motherland is menaced or our obligations to our allies call it forth. But the immigration issue does not involve the national safety. With such an affront hurled toward Japan our attitude must be calm, dignified and restrained."

"It is best to interpret the Senate's action not as an expression of the will of the American people, but as the result of skillful manipulation of the psychology with politicians taking advantage of Hanbana's phraseology."

"This is a lesson to Japan regarding the dangers of modern psychology which is skillfully and unscrupulously exploited by the press and the politicians to bring about human control."

Yamamoto reviewed the growth in America of the Anti-Japanese movement since the Russo-Japanese war. It originated, he said, through American disappointment over Japan's control of Manchuria following that conflict.

Then he returned to effects of the movement in Japan.

"It is most regrettable that the Senate should have voted exclusion when the same result could have been accomplished without hurting the pride of the Japanese," he commented. "Such action was unnecessarily harsh. But the worst hurt was not inflicted upon Japan, but on the cause of international peace. It will take years for the Japanese to forget the insult and rally again to the support of co-operative peace efforts."

"No amount of Christian preaching or missionary work can convince us now that Christianity is an effective preventive of wars and racial struggles."

"Japan has no remedy. The decision of Congress is unjust and the cause of humanity suffers, but we can do nothing. Any attempt to retaliate would only make matters worse. Prudence is our first duty to our country."

DAUGHERTY'S SON

Draper Daugherty son of former Attorney-General Harry M. Daugherty, is recent recruit in the ranks of Hollywood's movie extras. Clara Bow, one of the "Wampas Baby Stars of 1924," is teaching him some of the fundamentals of screen acting.

HARRY THAW STILL INSANE SAYS ALIENIST

Has No Mental Control and Is Forced to Follow Impulses.

(By The Associated Press.)
PHILADELPHIA, April 21.—The jury trial to determine the sanity of Harry K. Thaw was resumed in common pleas court today with Dr. Chas. W. Burr, Philadelphia, an alienist, testifying that Thaw is still insane. The case was adjourned last Tuesday five alienists had testified the slayer of Stanford White was sane and safe to release from the Pennsylvania hospital for mental and nervous diseases and four others had given it as their opinion that he was insane and would be a menace to the community if released.

Dr. Burr was called to the stand by Arthur G. Dickson, counsel for the trustees of Thaw's estate, who are opposing Thaw's release. The alienist said he had examined Thaw three times recently at the request of Mr. Dickson and without any suggestion as to what was to be expected from him.

"I think Thaw's is a case of so-called moral insanity," said Dr. Burr in reply to questions. "He has little or no mental control and is compelled by his condition to follow his impulses. He has not the moral strength to resist vicious impulses."

KNUTSON INDICTED

(By The Associated Press.)
WASHINGTON, April 21.—Representative Harold Knutson of Minnesota and LeRoy M. Hull, of Washington, arrested on serious charges recently on a Virginia road were indicted today by an Arlington county Virginia grand jury.

Charles E. Canham, a former Danville boy, now of Petersburg, is visiting friends and relatives in the city during the Easter holidays.

Good Morning Judge!

Pearley Owens this morning was arrested in the police court on charges of driving an automobile while intoxicated and with reckless driving, as result of an episode last night, when he gave Police Officers F. G. Towell and J. P. Martin a lively chase down North Main street. He was fined \$101 and costs on the first count and \$25 and costs on the second. The officers about 9:45 o'clock saw an Oakland coming down the street at the end of the car line at a terrific speed. They gave chase in a Ford and finally drove up beside the car after a wild chase, at the top of North Main hill. Owens was driving and Fred McQueen was a passenger. Both were drunk and Thaw was arrested. McQueen drew the usual \$11 and costs this morning.

E. S. Brady, also drew a fine of \$101 and costs for operating an automobile while intoxicated.

Fines of one dollar and costs were assessed Jesse Martin and John Rhodes for trespass.

Turner Webster was fined \$21 and costs for having a concealed weapon. Fines of \$25 and costs were imposed on the following on charges of gambling: Linwood White, Allen Shelton, Marshall White, Frank Harwood and colored.

A warrant charging James Camden and his wife with defrauding their board bill, was dismissed at costs.

STREET CAR JUMPS TRACK CRASHING INTO A TREE

What might have been a serious street car accident occurred at 5:14 last night on South Main St., when car No. 27 proceeding to the car barns jumped the track on the crest of the rise just beyond E. B. Meade's house, and after running across the crest of the rise, 60 feet crashed head-on into a tree.

Half a dozen passengers were on the car and all were shaken on the impact. W. H. Booth, an employee of the traction company, was thrown out of the car and three other people complained of being injured. The injured people were R. W. Vincent, Robert Stoe, and Martha Lewis, the latter probably the worst hurt, being removed to a private hospital here and back and the others sustaining bruises from the jolt which came when the car struck the tree. All of the injured were treated by Dr. John A. Robertson.

The car was in charge of John W. M. Pickrell. The car was proceeding up the rise at that point where there is a sudden but slight bend in the track and just at this point the car jumped the track and crashed into the tree.

PATRICK, SORE, BLAMES BOOKER FOR HIS STAND

(Special to The Bee)
STUART, Va., April 21.—The recent announcement of Congressman J. M. Hooker in which he declined to enter the primary race for re-election to Congress, has caused a great deal of surprise and almost universal regret on the part of Mr. Hooker's home people.

A great throng of people from all over the county was here Saturday attending the barbecue and school fair and this political development was the chief topic of discussion. The general consensus of opinion was that the mere fact that Mr. Hooker had written a personal letter to some third party two years ago stating his feelings at that time could hardly be construed as disqualifying him for entry into the congressional race at this time or such a letter should be allowed to assume sufficient importance to change the representation in Congress from this district.

Many were outspoken in the opinion that Mr. Hooker would be justified in, and ought to disregard it altogether under the circumstances. No little resentment was manifest concerning the attitude of State Senator Marshall Hooker because of his refusal to release Mr. Hooker from any implied obligation to him through the letter. It is thought here that if Mr. Hooker is in such position that he must make this the chief issue in his behalf and if he is relying upon this trivial incident as his chief claim and qualification for the high office to which he aspires, he is clearly not the man to send to Congress.

Mr. Hooker will receive cold comfort in this end of the district because of this arbitrary stand.

The foregoing telegram purporting to express how Patrick county feels about Mr. Hooker's withdrawal and virtually threatening the Halifax county aspirant with the fateful blackball again raises the question of the letter which prompted Mr. Hooker's renunciation.

As reported on Saturday there are two shades of opinion concerning the letter which has not been made public, one being that it contained an implied obligation not to run and the other being the report that the letter was a definite contract not to be a candidate provided certain conditions were met which history would indicate were met. In view of the conflicting claims as to the letter the belief is expressed in some quarters that the letter promises to figure almost as much in Mr. Hooker's campaign as it would have had Mr. Hooker run and it is forecast that it will be made public before very long to put an end to speculation heard concerning it.

There has been no further definite development in the complex of political affairs since Saturday though it is generally believed that Joseph Whitehead's candidacy will be formally announced in Chatham before the lapse of the present week. D. T. Williams, of Chatham, who aspired last year to the commonwealth's attorneyship is now being spoken of as a possible contender though there is no definite announcement of this fact from him.

Home Commission Meets to Discuss Three Big Problems

The City Home Commission held a meeting this morning for the purpose of considering three important phases of the development. One of these was the furniture and equipment which will be necessary for the home when it is completed. A tentative list of this furniture has already been prepared, but a sub-committee was appointed to go into this matter more deeply in order to arrive at a closer estimate on this necessary expense.

The commission further discussed the housing of county inmates in the Danville home, but no definite decision was arrived at until a sub-committee composed of John Harvie and F. W. Townes has made a report on the per capita expense. The question of taking in the country inmates is hedged about with a number of difficulties which will be difficult to overcome though the Commission is said to be thoroughly in accord with the principle of merging the care of the county and the city's poor. To provide quarters for the county inmates it will be necessary to build wings to the structure now in course of erection.

The third question discussed this morning was that of the superintendent of the building. Three or four applications have been received. The chairman of the commission this afternoon said that it would be willing to consider outside applications for this position. No immediate decision is expected on this point, and it will probably be some time before a recommendation is made. The commission is understood to feel that a woman should be secured for the post.

Danville Woman Hurt In Wreck

GREENSBORO, N. C., April 21.—Wendell W. Hicks, of Danville, and A. Talley, all of White Oak, were arrested early yesterday morning by Deputy John Hobbs as a result of an accident which occurred near Brown Summit Saturday night. In this accident, Mrs. Maude Dallas, of Danville, Va., was seriously injured.

When Mr. Hobbs reached the scene of the accident about midnight he found, he says, two badly damaged cars. Mrs. Dallas and other members of the party had been taken to Reidsville, where they obtained medical attention. Which of the three men arrested was driving the car is not known.

Mrs. Dallas, her son, David Dallas and two men, whose names were not learned, all of Danville, were in the car which collided with one occupied by the men arrested. Mr. Dallas charges that the White Oak men were under the influence of whisky.

ILLIARD-FRANS.
Miss Madeline Louise Evans and Jesse Porter Illiard, of Pittsylvania county, were married on Saturday afternoon by Rev. Joseph S. Gresham, pastor of Calvary Methodist Church. The bride is the daughter of the late Mr. and Mrs. T. W. Evans, and has married her home with her sister, Mrs. J. O. Hayes at Witt, Virginia, while the groom is the son of Mr. and Mrs. R. T. Illiard, also of Witt, Virginia.

The bridal party included Miss Carrie Louise Hayes, Floyd Dickerson, Miss Pattie Jennings, Emmett McKelvie, Miss Virginia McKelvie, Clarence Dickerson, Miss Lucy Farthing and Miss Edna Illiard.

Mr. and Mrs. Illiard will reside in Pittsylvania county, near Witt.

R. P. Moss, city auditor who has been ill with bronchitis is able to be out again today.

SOUTHERN STOCK YARDS AT RICHMOND DESTROYED IN EARLY MORNING FIRE

Loss Estimated at \$300,000
—Several Have Narrow Escapes—Near Panic Among Inmates in "Home for Incurables," Across Street.

(By The Associated Press.)
RICHMOND, Va., April 21.—Charles Berniechi, 30, lost his life and 165 horses and mules were burned to death in a fire which completely destroyed the Southern stock yards here early today, causing damage estimated at \$300,000. The origin of the blaze, which was seen first in the feed store room, has not been determined. Police are investigating the cause, but a lighted cigarette carelessly thrown into a feed bin started the conflagration.

The fire was discovered by a policeman shortly before 2 o'clock, and before the arrival of fire apparatus had spread to the entire structure, which covered several acres of ground. There was little chance to rescue the animals locked in stalls, although many of them were gotten to safety through the doors after being liberated, rushed back into the flames and were either burned to death or were crushed to death by falling timbers.

Three negroes, two men and a woman were saved by jumping from a second-story window. Berniechi, a stable hand, it is thought, was killed by falling timbers while asleep. His body was found on his cot after the flames had been extinguished.

A near-panic among inmates of the "home for the incurables, across the street from the stockyards, was caused by the fire, and a rumor spread that the inmates were to be sent to the home, but this blaze was soon put out and order restored among the sick. None was hurt.

Gov. M'CRAY PUT ON TRIAL

(By The Associated Press.)
INDIANAPOLIS, Ind., April 21.—Trial of Governor Warren T. McGray, on the charge of using the mails to defraud, was started before Judge A. B. Anderson in United States District court today.

The indictment against the governor contains 13 counts and charges that he intended to defraud approximately 170 banks in Indiana and elsewhere by sending through the mails worthless cattle paper for discount and as collateral for loans and by mailing false financial statements in order to obtain loans.

Governor McGray recently was on trial in the county court on an indictment charging larceny and embezzlement of \$155,000 of state board of agriculture funds. The jury disagreed on this charge and a definite date of deliberation. Fourteen other indictments are pending in the county courts.

Lumber Company to Decide On Extension Within Two Weeks

It will be ten days or more before the Meadowfield Lumber Company of Patrick county will decide on extending the Danville terminus of the Danville and Western Railway eight miles, according to Major Theo. Parker who recently was in Patrick conferring with the Lumber Company officials.

The Danville and Western officials have expressed consent to the tapping of the terminus and is agreeable to the proposed extension being further prepared to co-operate in the extension of the line which would increase the freight receipts. However the lumber company officials have not made any decision on the point and probably they will confer with railway officials at Mount Airy, N. C., from which point an extension might be run reaching the large timber tract in Patrick which was acquired some months ago.

Major Parker stated that the cost of the undertaking has not been made clear but that estimates will be secured without delay and some definite decision arrived at shortly. The tentative plan is not for a narrow gauge extension from Stuart nor standard gauge. Some of the grades would be unusually steep and would require a special type of engine, and it is fairly certain that the extension would be used for commercial purposes alone. It is understood that the right of way has been secured with the exception that one property owner has secured without delay and some definite decision arrived at shortly. RADIO BEACON FOR FOGS

Safe passage across San Francisco Bay in foggy weather could be effected through use of the cross-coast radio beacon, developed at the Bureau of Standards in Washington, bureau engineers believe.

The beacon marks out a line in the ether and a boat equipped with an ordinary receiving set can be directed safely to its destination by keeping in touch with that "line."

The beacon consists of two coil antennae crossing at 135 degrees. Its strongest signal is heard on a line bisecting this angle, so that a boat off this line would hear a signal from one coil stronger than that from the other, and would know it is off the directional line.

America Adopts New Steps

RENDE DE BUXEUIL, BLIND COMPOSER OF THE HUPPA-HUPPA.

By MILTON BRONNER
PARIS, April 21.—Paris has got the Huppa-Huppa!

It is spreading over France. The whole continent is threatened with it. Huppa-Huppa isn't a whooping cough. It's a dance.

It has made such a hit that I have come here especially to see it, hear its tantalizing music, study the steps and introduce it to America. By special arrangement with the composers and publishers of the Huppa-Huppa, The Bee is first to acquaint its readers with the music and the dance.

It all began when Juan Hens visited his friend, Rene de Buxeuil, in his Montmartre flat.

Blind Composer
Buxeuil is one of the unique characters in Paris. As a boy he was wounded when hunting and came home totally blind. He attended one of the famous blind schools for the education of blind boys, devoted himself especially to music, settled in a Paris attic and began a long and successful career of song writing. He is a popular attraction at music balls where he sits at a piano, plays his own music and sings his own songs.

Somehow Hens, who writes words for songs, had picked up a few bars of a haunting air. He was told it came from a little semi-tropical island off the coast of Chile. "I have one grand idea for a song," said Hens to his friend. "The refrain will tell how all day long the natives dance under the banana trees." And he hummed what he remembered.

His 2000th Composition
Almost on the instant Buxeuil sat down at the piano, embroidered the theme, played it over again, developed it a little more and turning his sightless eyes to Hens, said: "There you are—Huppa-Huppa!"

So a new Montmartre chanson was born. It marks number 2000 in the compositions of the blind musician who so often has set Paris a-humming. Lucien Plau, dancing master took the music and worked out the dance. Tomorrow The Bee will publish the music of the Huppa-Huppa. And the next day, the dance itself.

The recent session of the general assembly was passed an act abolishing the office of commissioner.

BRAKEMAN KILLED BY OVERHEAD BRIDGE
(By The Associated Press.)
RICHMOND, N. D., April 19.—Elmer T. Hines, 30, brakeman of the Seaboard Airline Railway, was killed today when he was knocked from a moving box car by the R. F. and P. overhead bridge one mile south of Academy, N. D. Hines was dead when members of the train crew reached him.

KY. STATE WINS ON TRACK.
KNOXVILLE, Tenn., April 19.—Kentucky State track team defeated University of Tennessee runners and weights crew in the annual meeting here this afternoon, scoring 93 points to 33 for the Volunteers. The Volunteers carried off only four points, high jump and broad jump and discus throw. Captain Kay scored 15 of the 33 points for the orange and white.

S.S.S. keeps away Pimples
You will be compelled to admit that the results of S.S.S. are really amazing!

Did you ever know how big cities make the hydrant water fit for you to drink? That's what S.S.S. does to the blood in your own blood-pipes. It makes it fit to circulate. S.S.S. is acknowledged to be one of the most powerful, rapid and effective blood-cleansers known. You don't have to use some new fad treatment that is mere guesswork, you don't have to smear things on your face in vain effort to get rid of eruptions. Eruptions come from blood impurities and a lack of rich blood-cells. S.S.S. builds new blood-cells. This is why S.S.S. routs out of your system the impurities which cause boils, pimples, blackheads, acne, blotches, eczema, itchy rash. That's why S.S.S. has done such wonderful work in freeing thousands from the scourge of rheumatism. S.S.S. is also a remarkable flesh-builder. That's why underweight people can quickly build up their lost flesh, get back their normal weight, plump cheeks, bright eyes and rosy lips. S.S.S. is sold at all good drug stores. The large size is more economical.

S.S.S. makes you feel like yourself again.

It can't be done! The 6c token fare and 7c cash fare will be restored on Street Cars Wednesday, April 16th.

HUNT'S WASHINGTON LETTER

By HARRY B. HUNT

WASHINGTON, April 21.—No one ever thinks of General Pershing as a lady-like individual. He has all the airs and attributes of an aggressive if not actually pugnacious male. Yet—

Pershing admits it himself: he is a Daughter. And how can one be a Daughter and still evade having at least some of the graces and frailties of femininity?

Pershing's paradoxical position was disclosed the other evening when he spoke to the delegates attending the convention of the D. A. R.

"I speak of you," he told the women jamming Continental Memorial Hall, "as one of you. Perhaps you may not know it, but I top, am a Daughter."

There was a wave of laughter and applause. Apparently the general was in jesting mood. The ladies leaned forward expectantly to catch the rest of the joke. It promised to be good! "No joke! I'm serious," Pershing continued. "Three years ago I was elected to membership in a local chapter of the D. A. R. That membership never has been questioned. I insist, therefore, that I'm mighty proud to be one."

Michigan, which was the scene of the bitterest Senatorial battle of 1922, as the sequel of the Newberry-Ford contest of 1918, promises to be the stage for an equally bloody but this fall should Edwin Denby former secretary of the navy, consent to contest the Republican nomination with Senator James Couzens.

Couzens, who was appointed to fill the seat vacated by Newberry, is leader of the fight for a thoroughgoing investigation into the internal revenue and prohibition units of the Treasury Department. As such he has become persona non grata to President Coolidge and Secretary Mellon demanded the Senate side-track.

Denby, on the other hand, is a victim of Senate investigations. The disclosure in the oil industry were responsible for his quitting the cabinet.

The full force of the administration's influence in Michigan will be shown back of Denby. If he is persuaded to run against Couzens, as now seems probable, Michigan Republicans would then have to choose between supporting the investigator or the investigated.

publicans would then have to choose between supporting the investigator or the investigated.

The Republican primaries, however, might not end in a rout. Just as the Newberry scandal worked the defeat of Senator Townsend in 1920 and sent Woodbridge N. Ferris, a Democrat, to the Senate from Michigan, so might the nomination this year of Denby, against whom the issue of the Fall-Sinclair oil leases could be raised, bring a similar result.

Wherefore Democrats are watching the Michigan Senatorial situation and hoping the Republicans have a merry fight. They're for it. In the back of the Democratic mind, however, is one big question: Should administration backing put Denby across for the G. O. P. nomination against Couzens, would Couzens take the count lying down?

Early isn't a fetish with Couzens. He hasn't any love for his party's present leadership. Wouldn't he continue the fight, regardless, thereby spilling the beans for the Democrats as well as the Republicans?

THAW IS OPTIMISTIC.

(By The Associated Press.)
PHILADELPHIA, April 18.—Harry K. Thaw conferred today with his counsel, former Judge John M. Patterson, on plans of action when his sanity trial is resumed on Monday. Thaw left the Pennsylvania hospital for mental and nervous diseases, carrying a huge sheaf of notes and books of testimony. After an hour's conference Thaw walked to the hotel where his mother is staying. "Everything looks good so far," he remarked as he entered.

Prepares Food By Freezing

Kelvinator the refrigerating equipment which sets right into the ice box you now have—has opened up to housewives everywhere, a comparatively new method of food preparation.

Kelvinator is to the preparation of food by cold what the gas range is to the preparation of food by heat.

With Kelvinator any housewife can easily prepare delicious mousses, ices, sherberts, custards and salads, by simply leaving them in the Kelvinator ice-trays for a few hours. The same ice-trays are used to freeze dainty cubes of ice in which maraschino cherries, sprigs of mint, or violets have been frozen, or which have been tinted or flavored to suit the drink.

Kelvinator eliminates the ice man. It automatically keeps the refrigerator at the same, low, even, cold, dry temperature, summer and winter.

At your request, a courteous Kelvinator representative will call and give you the complete story of Kelvinator. Or, why not come in and see it demonstrated at

Electric Refrigeration for the Home

However, comma—

By Maurice Henle.

NEW YORK, April 21.—Gilbert Seides, former managing editor of The Dial, a magazine for intellectuals, believes that the so-called low-brow arts—vaudeville, the comic strip, the slap-stick movie and jazz—are the real American arts and are more important than the bogus arts supported by wealthy millionaires. He thinks Al Jolson is more interesting to the intelligent mind than John Barrymore and Patsy, more than Ethel, that King Lear and Mr. Dooley in their best work are more entertaining and more important than James B. Cagney, who wrote "Jungle" and "The Sign of the Cross" in their best, he thinks a certain comic strip (we won't mention it for fear of arousing jealousy in the art confession) easily the most satisfactory work of art produced in America today.

There's nothing strange about this. The trend of the intellectual life in the United States is toward the low-brow arts. The low-brow arts are the only ones that are growing.

Greco dancing has come to be one of the serious arts to us today. But in days of ancient Greece, so Aristotle informed us over the telephone today, that kind of dancing occupied the same relative position that jazz does today. Perhaps jazz will be one of the "serious arts" in a thousand years, when future generations find something new that we do not even dream of now.

We hope not, but anything is possible.

Apparently the only difference between a low-grade moron and a high-grade moron is a university education.

The trend toward the popular was dramatically displayed the other night. We received a telephone call and an excited feminine voice informed us that Pavlova had reserved a table at the Waldorf for the evening of the "serious arts" in a thousand years, when future generations find something new that we do not even dream of now.

EVERS SUCCEEDS CHANCE AS PILOT OF CHICAGO SOX

(By The Associated Press.)
CHICAGO, April 19.—By a strange twist of fate, Johnny Evers, famous as a player in the Chicago White Sox, today succeeded in becoming manager of the second team in his career, when appointed leader of the Chicago American League club. Evers, who has been unable to join the club because of illness, was ordered to return to California to effect a cure for the bronchial asthma which has bothered him since his attack of influenza last winter. Chance left for the coast tonight.

FORMER OFFICIAL OF NORFOLK SOUTHERN DEAD

(By The Associated Press.)
NORFOLK, April 19.—Morris Ketchum King, president of the Lake Drummond Canal and Water Company and for more than a quarter of a century vice president and general manager of the Norfolk Southern Railway, which was built by his father, died at his home here today. He was 80 years old.

King came to Norfolk in 1880 with his father, John Sterns King, who was building the Norfolk and Elizabeth Railroad, now the Norfolk Southern. He was its first superintendent. After his long service he was retired June 30, 1908. Since then, always prosperous, he sold three times and he served under three different managements. Prior to his work in Norfolk he was purchasing agent for the New York Elevated Railway.

ENGAGEMENT OF MRS. GEO. GOULD REPORTED

(By The Associated Press.)
NEW YORK, April 19.—Engagement in Paris of Mrs. George J. Gould, Jr., formerly Laura Carter of Philadelphia, and Carlos Bassaudo, son of a wealthy Argentine planter, was reported today in a cable despatch to the New York Sun. They will marry late this summer, said the despatch. Bassaudo, who is 23 years old and a cousin of the noted Anchero family of South America, will leave for his home soon to gain parental consent to the wedding, the cable added.

WOMAN'S LONG PRISON SENTENCE IS COMMUTED

(By The Associated Press.)
ALBANY, N. Y., April 19.—The seven to fifteen years prison sentence imposed upon Gussie Humann, in Queens county, two years ago for perjury, was commuted by Governor Smith today to expire at once. She is 22 years old. "This woman," the governor said in a memorandum, "committed a serious crime, but taking into consideration the surrounding facts and circumstances, and especially the fact that she has a child born while she was confined in prison and the child is being taken care of by her father, I have reached the conclusion that no good purpose would be served by keeping her confined any longer."

U. OF VA. ADOPTS BUDGET.

(By The Associated Press.)
CHARLOTTESVILLE, Va., April 19.—A budget, carrying total appropriations of \$1,127,643 for the fiscal year 1924-25, has been adopted by the board of visitors of the University of Virginia, according to announcement made by President Edwin A. Alderman today.

IMPRISON RELIGIOUS FANATICS

(By The Associated Press.)
MANILA, April 19.—More than 200 religious fanatics convicted of murder and sedition in Surigao Province in uprising there, have been brought to Manila by special steamer and sent to Bilibid prison to serve sentences ranging from ten years to life.

REPORTED CABLE FOR VETO.

HONOLULU, April 19.—The Nippo Jiji, local Japanese language newspaper, received a dispatch this afternoon from Tokyo stating that American Ambassador Cyrus E. Woods had cabled President Coolidge requesting him to veto the immigration bill.

SHIP BREWS HER BEER SUPPLY

PLYMOUTH, Eng., April 19.—The North German Lloyd liner Stuttgart was able to manufacture 1,800 quarts of beer in the ship's brewery during its recent voyage from New York. The beer was all consumed on the trip.

A single conversation over the telephone is said to occupy only one-sixth of the line wires—plenty of room for wired radio!

It can't be done! The 6c token fare and 7c cash fare will be restored on Street Cars Wednesday, April 16th.

Chatham

CHATHAM, Va., April 19.—With Hon. J. M. Hooker declining to stand for re-election to Congress from this (the fifth) district and Senator M. B. Booker the only announced candidate at present, much speculation is being indulged and every indication points to Chatham having a candidate within a very few days.

Hon. Joseph Whitehead has been considering the question for several days and will in the very near future announce his intentions. The friends of Judge J. T. Clement feel that his chances are very good, but the Judge has not given the matter very serious consideration up to this time. Delegate C. R. Warren now in Richmond, has not been heard from since the Hooker announcement, but his personal business affairs are pressing him at this time and this coupled with other reasons may keep him from announcing his intentions for several days. Pittsylvania county is the most populous county of the district, and the candidate hailing from this county naturally would have a very large vote to start with and his chances for carrying the western counties, it is thought would equal that of any candidate from the eastern section.

Crystal Wedding.
Mrs. G. E. Thompson and G. B. Thompson are this week-end attending the crystal wedding celebration of Mr. and Mrs. F. F. Thompson, at Lester Manor, Virginia. They left on Wednesday by way of Lynchburg where they were joined by Miss Nellie Thompson, Miss Rosamond Berry and Mr. W. T. Berry the party going by auto.

County Debate.
Debate to decide the championship of the athletic and literary league in Pittsylvania county was had in the Chatham high school on Friday night in which the high schools of Whitfield and Spring Garden contested, the question being: "Resolved that a permanent Tax Commission should be established in Virginia to regulate and equalize taxation of the state". Speaking for Whitfield were Miss Francis and Charles Blair; for Spring Garden, Miss Estelle Cox and Albert Cox. Spring Garden came out winner. On next Friday the winners will go to South Boston to debate and decide the winner in the two counties of Pittsylvania and Halifax, and the winner of that debate will represent the counties in the debate to be held at University of Virginia. The semi-finals debate was held last week in which Spring Garden won over Chatham, and Whitfield over Brosville.

Easter Services.
Very appropriate exercises befitting the occasion will be held in Emmanuel Episcopal church on Easter morning, and the music will be a special feature of the service. Rev. T. G. Faulkner, rector, will conduct the service.

Bishop Tucker of this diocese visited St. Luke's near this place, on Friday and conducted divine service. Rev. and Mrs. R. G. McLees and Miss Francis Jones and Miss Janie Whitehead returned Friday from Atlanta where Mr. McLees has been engaged in a series of meetings for ten days.

County Tax Levy As Stated in Detail.
The County Board of Supervisors in meeting Friday fixed the levy for ensuing year as follows: general county fund, 25 cents on the one hundred dollars worth of property, county road and bridge fund forty cents, county interest and sinking fund for roads, twenty-five cents, county interest and sinking fund for schools, ten cents, county school fund, forty cents, district school fund, fifty cents, district road fund, twenty cents. The several funds aggregate two dollars and five cents on the one hundred dollars worth of real and tangible property and is an increase of thirty cents over the total levy for last year. The increase is ten cents for taking care of the interest on school bonds issued this year and twenty cents for district road fund, which was just created.

MASONS WORK, THEN ENJOY FISH FEAST AT KENTUCK

Kent lodge, No. 305 A. F. & A. M., had a well attended and enthusiastic communication on Friday in which the Master's degree was conferred on three candidates for this honor and later the first degree was conferred upon another. Deputy Grand Master E. W. Beach, of the Grand Lodge of Virginia presided; B. S. Warren, formerly district deputy grand master, served as junior warden and J. B. McDaniel, senior warden of Morehead lodge, No. 216, occupied that station in Kent on this occasion. Work was begun about 2 p. m. with a large attendance of the fraternity, including seven or eight from this city, and continued until 7:30 when the artisans desisted and partook of refreshment. The supper was a fish-fry with an abundance of the finny food admirably cooked and with the accompaniments usually served at such suppers. During the feed the Masons enjoyed a delightful social hour, after which they resumed work and conferred the E. A. degree. Some twenty-five or more Masons were present and participated, including some of the most prominent in this vicinity.

TOO MANY BITES

A husband's bites are worth \$1,000 each, says Mrs. Mary von Borries. She sued her 50-year-old husband, who is a Chicago plastic surgery specialist, for divorce and \$75,000. She declares that the doctor left 76 bruises on her.

STOP! LOOK! LISTEN!

WATERTOWN, Mass., April 21.—Guarding lives at the Cross street grade in this city is purely a family matter with Gertrude Gatter. She sees nothing odd in her position as a crossing tender. Hadn't her father and her mother done it before her?

In fact, it is a tradition of this town that nobody but a Gatter should give warning when a train approaches Cross street. It is settling to be Gatter Crossing rather than Cross street, so long as the family been associated with it.

When Gertrude was a little girl she brought warm lunch to her father. Often she ate lunch with him in the little house close to the tracks. Sometimes he would let her hold the "Stop" sign. It was great fun to stand out in the middle of the street and to see all the traffic stop at her command. It was like magic. And she used to love to sit in the little house in winter, to get warm after play in the snow.

When her father died it was a matter of course that the responsibility of guarding Cross street should be given over to her mother.

And when her mother became too ill to continue everyone knew that Gertrude should take up the watch. Hadn't she virtually grown up on it? "I have awfully good ears," Gertrude says, wistfully proud. "Just as soon as the train comes I am on deck—that's the way my father used to be, too. And nobody ever tries to beat the train when I hold up the sign."

And yet Gertrude, barely 21, is timid, delicate—perhaps, it is these qualities that compel a driver to obey her. Anyhow, the Boston and Main Railroad admits she is an unusually efficient tender.

"Oh, yes, I do other things," she answers. "I embroider lots of nice things—but not while I'm here. No! I must be on deck when a train comes."

QUARANTINE WILL ADEQUATE CARE FOR CALIFORNIA CATTLE

(By The Associated Press.)
WASHINGTON, April 19.—Quarantine measures of the federal government to prevent spread of the foot and mouth disease among cattle in California and to adjoining states are ample to meet the present situation there and to protect the interests of all concerned, Secretary Wallace declared today.

The federal quarantine of the infected areas and the adjoining territory was based on 30 years' experience with the disease and the regulations were drafted to meet every contingency, Mr. Wallace said.

No record exists of the disease being spread by fruits, vegetables and other human foodstuffs and the department has not felt it was necessary to fumigate fruit cars and other cars carrying such commodities.

Secretary Wallace characterized the alarm which has seized the western states as hysteria and said it was entirely unwarranted. In suppressing the outbreak in California, federal and state authorities working in cooperation, have slaughtered 350 herds of cattle, leaving 18 herds and one exposed herd still to be destroyed, Dr. John R. Mohler, chief of the bureau of animal industry, reported.

The aggressive measures of killing and burying diseased herds are going forward with machine-like regularity. Dr. Mohler reported. This policy has resulted in reducing known infection on April 19 to only three counties of the sixteen which are quarantined. Livestock sacrificed thus far as a safeguard include approximately 23,000 cattle, 13,000 sheep, 10,000 swine and 300 goats.

FEDERALS MEET LITTLE RESISTANCE AT PROGRESO

(By The Associated Press.)
MEXICO CITY, April 19.—The occupation of the port of Progreso, state of Yucatan, Thursday by federal troops under the command of General Eugenio Martinez, occurred without fighting or interference with foreign interests, according to consular advice received at the United States embassy. The federal landing took place at a small port called Sinal. The occupation was carried out smoothly and without any representations on the part of the foreign consuls with the exception of a request in which all united, that the telegraphers in the city be permitted to continue their work so that business might not be interrupted. This request was made through the representative of the United States who was asked to present it to the Mexican government.

MAN BELIEVED TO BE VICTIM OF GAUGSTERS

(By The Associated Press.)
NEW YORK, April 19.—The body of a man about 20 years old riddled with five bullets, found in the East River today, was declared by Police Captain Carey to be that of Isadore Kantowitz, who fled from Detroit after several attempts had been made on his life by gangsters who sought to prevent him from testifying in a murder trial.

The body, Captain Carey said, answered in every detail the description sent out by the Detroit police for the missing witness. The initials "IK" were tattooed on the right forearm. The body had been in the water about two months.

N. C. MAN HELD AT SALEM FOR VIOLATION MANN ACT

(By The Associated Press.)
SALEM, Va., April 19.—Robert White, a young white man of Burlington, N. C., is in jail here charged with stealing a Ford automobile and driving a 17-year-old girl out of North Carolina for immoral purposes. The girl, whose father has come for her, is also in jail. White was arrested yesterday evening on a warrant from Burlington. North Carolina officers have been notified of the arrest.

The Street Cars lost from \$69 to \$100 per day on the 5c fare, which means twenty to thirty thousand dollars per year.

WORK ON PARK IS PRACTICALLY COMPLETED

Work on R. B. Rodgers' amusement park near town will be finished today. All that remains to be done is the placing of hand and step rails around the swimming pool and connection of the pipe from the dam which will supply the greater part of the water for the pool. A four-foot board walk around the pool has been constructed and the locker rooms and baths are in readiness for use, as is the dance hall.

Considerable work on the old Milton road leading to the park has been done by Mr. Rodgers. The roadbed has been widened in many places and a new bridge constructed at the foot of the Four Mile hill and it has also been straightened at that point. The county bore a small part of the expense of the road work but the greater part was paid by Mr. Rodgers.

A fifteen-acre land has been organized by the owner of the park and after the opening, which will be the first of the month, if the weather is warm enough to warrant, will give concerts each Sunday afternoon.

Last Sunday a large number of visitors estimated at between 3,000 and 4,000, visited the park and subjected it to a thorough inspection. The consensus of opinion is that they found nothing wanting.

First licenses for broadcasting stations in the United States were issued in September, 1921.

"My Children Just Love Liv-o-lax"

"For some time, I have been giving the children Liv-o-lax for the condition which I used to think called for calomel and castor oil," said a Charlotte mother.

"I think there is nothing more terrible than to have to give children those awful doses, which I wouldn't think of taking myself."

"Dr. Hand told me, in his drug store, how he worked up the formula of Liv-o-lax, just to do away with this unpleasant necessity, how Liv-o-lax, though a pleasant-tasting liquid remedy, acts on the liver in just the way required. Since I gave it one trial, I have been happy to have it in house, because the children just love to take it."

"And Liv-o-lax is an all-round family laxative. It is just as good for the growing-up as it is for the children."

Get Liv-o-lax at your drug store—30c. Just one trial will convince.

MUSIC CLUBS WILL MEET CHARLOTTESVILLE MAY 18

The annual State meeting of the Virginia Federation of Music Clubs will be held in Charlottesville on the fifteenth and sixteenth of May. The first morning will be devoted to the opening exercises, the president's message, reports from State officers and other business, after which the president, Mrs. Calcutt W. Perkins, of Palmyra, Va., will tender a luncheon to the visitors, officers and delegates of the Federation. In the afternoon Mrs. Kenneth S. Clark, assistant to Mr. Tremaine, director of the Bureau for Advancement of Music, New York City, will deliver an address. That night a concert of Virginia composers by Virginia musicians (native and resident) will take place at Cabell Hall.

The second morning will be devoted to reports of committees and clubs. In the afternoon Mr. Arthur Kyle Davis, Jr., of the University of Virginia, will speak on "Ballads, to be followed by Miss Alfreda Peel's recital of Virginia Ballads. That night the Albemarle Choral Club will give a concert. The

president, also, hopes to have an organ recital in the open-air theatre and a concert by the Glee Club from the State Teachers College of Harrisonburg.

STATEMENT

To the Voters and Citizens of Danville

We the undersigned, after careful consideration and solicitation from the voters and citizens of the city of Danville, hereby announce our candidacy with the following purpose and policy of which we agree shall be as follows:

That our paramount aim and purpose is to stimulate the growth of Danville and to that end to encourage and promote new industries and to stimulate those already existing, as far as the limitations of the law will permit. That we are opposed to all special interests or to government of, by or for any class or classes, and regard as the fundamental concern of the citizenry, that our government shall be clean in the best and broadest sense of the term, efficient and economical as it can be without parsimony.

That we are in favor adequate equipment of our public free schools and believe this can be done without a great bond issue therefor; or certainly that bond sales shall be resorted to only in event wise and sound financiering shall have failed to meet every exigency and supply every real need.

We are in favor of the School Board being authorized to proceed at once to make provisions for the necessary building requirements to take care of all school children comfortably for the next school term, without waiting for the bond election in June, for if matters are delayed until then, it will be too late to remedy conditions that now exist before the Fall session. Should the election not carry the improvements or enlargements so made to be financed by temporary loans until provision can be made for the same out of current revenue.

That we are opposed to any increase of taxation, either by raising the local tax rate or by any increase of assessed valuations and that we further believe that this can be done with an economical and a proper government, we can probably effect a reduction of tax burdens, instead of increasing them. That we sincerely believe that public office is a public trust, and that it should be administered in the interests of all the people all the time and in all things.

That we cherish the precious Democratic fundamental of local self-government and the establishment and preservation of the rights of all classes of the citizenship under such a government, including a voice in their own government; and that we especially deprecate and condemn any tendency to delegate to any group, class or coterie the governmental authority and responsibility.

We stand for good, clean, honest and efficient government with the greatest measure of economy possible in the provision of a proper government, one morally, politically, and financially sound, which will command the confidence and approval of the whole people of the community. The right and the capacity of the people to govern themselves shall not be invaded, curtailed or infringed.

CY WILLIAMS AND BABE RUTH GET FIRST HOMERS

Speaking of Spring—They Invented It

HEINE GROS

(By The Associated Press.)
NEW YORK, April 21.—Babe Ruth has made his first home run of the season. He dropped a ball over the garden wall at Washington yesterday. Cy Williams immediately lifted one skyward at Brooklyn and the home-run makers who tied at 41 last season were off on even terms.
Ruth's blow, made off Walter Johnson, failed to check the careening slide of the world's champions, who thudded to seventh place as the Senators walloped five of the celebrated Yankee pitchers for a 12 to 3 victory.
Cy's swat helped Philadelphia to a 1 to 1 victory over Brooklyn in a game reduced to six innings by rain.
Of three other homers made yesterday, two were decisive. Heinie Groh pounded a bender from Rube Marquard into the second tier at the Polo Grounds and scored Southworth ahead of him for a 2 to 1 victory over Boston. Walter Huntzinger, former University of Pennsylvania star, pitched good ball until the ninth when McGraw played safe and sent Nehf in after two hits were made.
Sheely's circuit swat figured handily in the 5 to 4 victory which the White Sox won from Cleveland before 32,000 persons at Chicago. Tris Speaker was guilty of baseball heresy by dropping a fly ball in the eighth inning during which the Sox made four runs and finally won by a squeeze play.
Grantham, Cub second baseman, added a four-base wallop to a double and triple but this powerful swatting did not prevent Cincinnati from beating Chicago 5 to 2. Luque, Friberg and Stutz were put out of the game for debating with the umpires.
Pittsburgh lost, 3 to 2 when Morrison permitted the Cardinals to stage a two-run lead in the ninth. Wright, the Pirate rookie at shortstop, made three hits and handled eight fielding chances successfully.
Dauss held St. Louis to 3 hits in the American League and Detroit won 9 to 2. Sisler went hitless for the first time since the season began.

It's leap year—which may have something to do with this photo showing very athletic young Atlanta girls who take a mean hurdle at the Washington Seminary's spring sports tourney in the South.

(SUNDAY'S GAMES)

GIANTS WIN FOURTH CONSECUTIVE GAME

NEW YORK, April 20.—The Giants won their fourth successive victory here today, defeating Boston 2 to 1. Huntzinger, former University of Pennsylvania hurler, pitched well up to the ninth inning when Nehf relieved him. Groh's home run with St. Louis scored its base won the game. Thierney and McManus singled after Cunningham reached base on an error.

REDS BUNCH HITS IN THE FIFTH AND BEAT CLUBS

CINCINNATI, April 20.—Cincinnati bunched four hits off Aldridge in the fifth inning and defeated Chicago 5 to 2. Grantham's hitting included a double, a triple and a home run into the right field bleachers. The first ball ever hit on the fly into that section in a championship contest.

PHILLIES BEAT BROOKLYN 4 TO 1 IN SIX-INNING GAME

BROOKLYN, April 20.—Rube Marquard pitched four innings today and the Phillies beat Brooklyn 4 to 1 in six innings. Marquard was 4 to 1 in the fourth inning, a homer by Williams who led off and double by Henline gave the Phillies their lead.

CARDS BREAK THEIR LONG STREAK BY BEATING PIRATES

ST. LOUIS, April 20.—A nothing-inning rally in the second game of the series brought the St. Louis Cardinals out of their losing slump to defeat the Pittsburgh Pirates 7 to 2 in a closely played game here today. None were out when the Cardinals brought in the winning run.

(SATURDAY'S GAMES)

NEW YORK, April 19.—The New York Giants came from behind in the late innings and defeated Boston here today, 3 to 2. Grantham walloped in the first two frames after pitching a strong game. The Giants won the series 3 to 1.

MARLBOROUGH RAYS IN PRIVATE VICTORY

ST. LOUIS, April 19.—The Marlborough Rays, a private club, defeated the Cardinals 3 to 1 in a game played at the St. Louis Athletic Club. The Rays are a private club and their games are not open to the public.

NORFOLK GETS DECISION OVER GREB IN FOUL

(By The Associated Press.)

BOSTON, April 19.—Kid Norfolk of New York negro light heavyweight, won from Harry Greb, middleweight champion on a foul in the sixth round of their scheduled twelve-round bout here tonight. The boxers engaged in an unofficial fight when Greb struck Norfolk after the bell had rung, ending the round.
No championship was involved in the bout, which was cash receipts. Norfolk outwitted Greb by about 10 pounds.
From the outset Greb and Norfolk fought viciously, hitting and clinching but doing little boxing. From time to time each held the other's head and delivered savage punches with the free hand. In the second round Norfolk pushed the middleweight champion through the ropes and out of the ring.
Just after the bell sounded, ending the sixth round Greb landed a wild swing to the head and the two boxers flew at each other swinging furiously. The referee vainly tried to separate them, the seconds joining in the fray then the scene in the ring resembled a battle royal. A pop bottle contributed by a spectator landed harmlessly on the canvas as the boxers were forced to their corners and the bout was awarded to the negro.

CALLS "DREGO" A SPLENDID TONIC

N. & W. Fireman Glad His Druggist Recommended It—Gains in Weight—Sleeps and Eats Like a New Man.

"Drego was recommended to me by Mr. Patel, my druggist," writes Mr. C. E. Phelps, a well known fireman on the N. & W. R. R., who makes his home at 515 Elm Ave. S. W., Roanoke, Va., in a recent signed statement.

"I used to feel tired and listless all the time and frequently suffered from dizzy spells which made it difficult to keep on going while on my run. My stomach and liver were out of order and I was afraid to eat too much because I had such awful attacks of indigestion and flatulency. My bowels were always clogged up and I was so restless I could hardly get to sleep at night."

"But one bottle of Drego certainly did wonders for me and now I feel like a new man. I sleep fine and my stomach is in such good shape I don't know when to stop eating. I have already gained 15 lbs. in weight from just this one bottle."

The 12 natural herbs, roots, barks and leaves from which Drego is made are quick to get at the root of many troubles. Thousands testify there's nothing better for relieving rheumatism, headache, dizziness, indigestion, nervousness and a host of other ailments caused by the clogging of the stomach, liver and kidneys to function properly. Drego is made by the famous Dr. H. Fulton & Bros., Laboratories, Baltimore, Md., and is being specially introduced in this section by Patterson Drug Co., and sold by druggists everywhere.—adv.

TOBACCONISTS TO PLAY AT HALIFAX TODAY WHERE THEY WON SATURDAY, 12-0

Various Teams of Piedmont Loop Rounding Into Form for Opening of Season Next Thursday—Murphy Signs New Pitcher and New Catcher—Will Issue Some Pink Slips Tonight.

JUST two more days! Yes, and then—the shout "play ball" by the umpires will start the Piedmonters wheeling and rolling merrily on its trip to Pennantville. Next Thursday afternoon teams will gather on three fields and start the ball rolling. Danville, Greensboro, to engage them three contests. Winston-Salem will be at High Point and Raleigh will have Durham as her guests.

Owner and Manager Herb Murphy has quietly been rounding his men into form and has a team which he considers as good—and if anybody knows how they look; it ought to be Murphy. He has been quoted as saying that his gang looks better than the team which he led at this time—the team which he led to within a few games of coping first half honors; which easily won the second half, and then trimmed Greensboro four straight in the first season series. However, this does not mean that the team is perfect by a long sight or that there are not gaps which do not need plugging. It merely shows that Boss Murphy is confident that he has a smart bunch of youngsters, who are putting forth every effort and he admits there is always room for improvement and therefore is always on the alert for better men to fill a gap. But they must be gentlemen as well as players.

The arrest of putting gentlemen on the team above all else. No matter how good a ball player, if he does not come up to the manager's standard of character, he has no chance with Murphy. He demonstrated this recently by refusing to take on a first class infielder, for the above reason. Manager Murphy left early this afternoon for Houston where he is expected to be in the city of the tobaccoists on Saturday. He is expected to be in the city of the tobaccoists on Saturday. He is expected to be in the city of the tobaccoists on Saturday.

McWhorter, the new twirler, also brought along with him a new catcher named Wright. Murphy has not decided this morning just who would comprise the batteries for this afternoon's game, which was scheduled to begin at 2:30 o'clock. The team's appearance there today is expected to bring out a large Easter crowd.

Word of the suspicious actions of Nicholson were communicated to Danville police headquarters and Officers Kessler and Campbell started north in the hope of overtaking the suspected fugitive who was believed to have headed north at Blair's store they overtook a car which had no license number on it but the men in the car gave a satisfactory account of the machine and they were allowed to proceed after their names had been taken down.

Stafford said that he did not miss his car until about 11:30 o'clock on Saturday night. He is employed at a garage and the car was parked out in the prospect for the Heist. Nicholson had no key to fit the switch but he cleverly used some wire in giving life to the motor and this outfit was noticeable on the car when Nicholson bought gasoline a mile or two beyond North Danville.

Nicholson will not be tried in Danville. He was ordered held this morning until an officer from High Point arrives to take him back.

CLUB OWNERS URGED TO ACT WITH SANITY THIS SEASON BY W. G. BRAMHAM

Offers Reward of \$250 For Evidence to Convict Any Club of Exceeding Salary Limit—Outlook for Season Good.

W. G. Bramham, president of the Piedmont League, has offered a reward of \$250 for any person or person who can produce enough evidence to convict any Piedmont club of exceeding the salary limit. President Bramham made this known in a press statement in which he also admonishes club owners to act with sanity in order to make the season a greater success. He appears optimistic about the outlook, saying that the prospects are good for a successful season.

Mr. Bramham's statement follows: "The outlook for a good season in the Piedmont League is exceptionally good. The cities comprising the circuit are close together, dispensing with the discomfort and expense attending long jumps. There is a consensus of opinion between all of the clubs in keeping with that existing between the various cities they represent. The training season gives evidence that the teams are evenly matched to start the race and I expect to see one of the closest contests the circuit has had in many years. Many new faces will appear in the various line-ups which to my mind is a wise step upon the part of the owners. Young men with speed, ability and ambition will predominate in the box scores and the circuit will be closely watched by high-class classifications as the training ground for players destined for higher company."

This year we will test out whether or not three-day series are better than two the former having been adopted over the latter in vogue for the past few years, and whether a continuous season is better than the split season heretofore followed. I am frank to say I favor the two game stands and the split season in leagues situated like the Piedmont.

"If the club owners act with sanity the season should be a great success both from the standpoint of the sport and financially. The president of the league does not make the rules—the national association and club owners do that and it devolves upon me to enforce them. The salary limits and class rules are baseball law and not a mandate handed down by the league president. They were made to be enforced and will be. Any other course would soon see the end of organized baseball in minor leagues."

"Throughout each season there is gossip in the circuit that this club

or that one, is exceeding the salary limit, but no one offers evidence upon which conviction can be secured. I now make the following offer good until September 1. To any club owner, manager, sportswriter or ball player that will furnish me with proof of the violation of the salary limit by any club in the Piedmont league I will personally pay such person the sum of \$250. The evidence furnished must be in the form of some writing or bona fide telegram from the offending club, or in the form of sworn affidavits, and in either case such as results in a finding of guilty by the board of directors of the league."

In case the evidence is furnished by ball players, I guarantee their standing in organized ball shall not be disturbed and they shall be declared free agents as provided by the rule. The evidence must be furnished during the playing season and while the offending club is in good standing in the circuit. The penalty for violating the salary rule is a fine of \$600 for the first offense and a forfeiture of games won."

"Only two of last year's staff of umpires will be back—Morgan and Osborne, but the four new men have had extended experience—are gentlemen and can be expected to keep the sport above reproach on the field."

"The club owners in the Piedmont are from our best business and professional men, and nowhere could there be found a more capable set of managers than will guide the destinies of the six clubs. All that remains is for the fans of the circuit

to support the teams to the hilt."

DIDN'T NEED SO MUCH SPACE. JOHNSON DECIDED

(By The Associated Press.)
CLEVELAND, April 19.—Half the space that Senator Hiram W. Johnson had reserved for his convention headquarters in June has been cancelled according to F. L. Bonnevill, acting manager of Hotel Cleveland, tonight.

The cancellation was made upon request of Frank H. Hitchcock, who had reserved eighty-five sleeping rooms and a large parlor when Mr. Johnson made his campaign debut here in January.

The cancellation leaves Mr. Johnson with forty sleeping rooms and one room for headquarters.

State Senator George H. Bender, manager of the "California" campaign in Ohio said the cancellation did not mean Mr. Johnson would quit the fight for the nomination.

Women Certainly Are Fine Folks.
Love? Hot diggety dog! Some people say that's all there is. They may be mistaken at times, but not during this month.

Women, as we have said, are nice people. They look swell and are fine folks to hold hands with on a moonlit night.

Women have two eyes and a nose. You can look at the eyes and increase your vocabulary. The nose is soft and warm. It sidetracks easily, skidding off your own quick as everything.

They have lips. And, as someone once said, "There never were two pairs of lips that wouldn't fit."

Love? Hold 'er, Next.

SPORTS

While training to attend a baseball game no fan should neglect his voice. Special practice is needed for yelling at home runs. You can learn to yell very quickly at home by sitting on a tack or on your new hat.

NUMBER RECORDS FALL IN KANSAS TRACK MEET

(By The Associated Press.)
STADIUM, LAWRENCE, Kans., April 19.—Records fell thick and fast in the second annual University of Kansas relays here today. Starting with the 100 yds in the first event, records went all the way along the line. In both track and field events.

One intercollegiate record was broken when Texas University in the medley relay won the event in seven minutes, 25.21 seconds. The old record was 7 minutes 15.19 seconds.

The track was exceptionally fast and the day warm. No team or individual points were scored.

Erect and Decorate in a Jiffy

Speed up your new building—or remodeling job—by using Sheetrock, the fireproof wallboard. A standard building material—in broad, ceiling-high sheets ready to nail to joists or studs. Makes enduring walls and ceilings that can be immediately decorated. No waiting for walls to dry—no danger of freezing. Nothing better for winter building; dependable and economical at all seasons.

Because Sheetrock does not shrink, warp or bulge, and has a wonderfully even surface, you can use any decorative scheme. Satisfactory results are obtained with wallpaper, paint or calcimine—with or without panels. Easy to erect—easy to decorate—never wears out.

NEW YORK STOCKS.

(By The Associated Press.)

NEW YORK, April 21.—Selling pressure again cropped out at the opening of today's stock market, giving the general list a reactionary tone. New 1924 lows were established by Yellow Cab, Chicago Yellow Cab and Cuyamel Fruit, off 1 to 2 points. Dupont and Baldwin each yielded about a point and the stocks recorded fractional losses. International Telephone advanced a point.

Sale of a block of 13,000 shares of Congoleum at the "spread opening" price of \$49 to \$50 a share, as against \$2 1/2-2, Saturday's closing quotation was the feature of the early trading. The stock rallied later to 42.

The general list, continued reactionary, losses of 1 to 2 1/2 points being recorded by more than a score of issues, including Schulte Stores, American Tobacco B. Coca Cola, Stewart Warner, uba Cane pfd., General Asphalt and Crucible Steel. Several new lows were recorded in the oil group, including Producers and Refiners, Marland, Pacific and Standard Oil of California. Foreign exchanges opened steady.

TOWN OF CYCLISTS

MUST EXPLAIN USE OF FRUITS WHEN BOUGHT

CHICAGO, April 19.—Beginning May 1, when a federal ruling against the furnishing of fruits and juices for home distillation, fermentation or brewing goes into effect, grocers will be required to demand explanation from their customers as to the uses to which these products are to be put.

The ruling makes a virtual prohibition agent of every grocer. As sellers, they must know before they furnish grapes, raisins, prunes, apricots or dried peaches, that these products are not to be used in violation of the prohibition law. According to the latest revision in the regulations, if the grocer, for instance, sells three pounds of apricots to a customer and neglects to question him, he becomes, according to local interpretation placed on the ruling, a party to the conspiracy to manufacture intoxicating liquor. There is nothing, however, in the regulations which requires the grocers to place the customer under oath.

The REFEREE

BY ALBERT APPLE.

STRUGGLE

Being in business for yourself is not all it's "cracked up to be." There are 1,425,000 stores in America! That's a store for every 16 people, which isn't much in the way of customers. Of course, this includes all sorts of stores and a customer trades in various kinds of shops—food, clothing, books, etc. But, even at that, the retail merchandising field is very overworked. It's a lucky grocery that feeds more than 60 or 75 families.

Out of what looks like profits at first glance, come rent, clerk hire, lighting, heating and other expenses.

MIDDLEMEN

The average store probably has three clerks. Since there's a store of some kind for every 16 Americans, there's a clerk for every 25.

In addition are seemingly endless millions of other middlemen—wholesalers, jobbers, road salesmen, book-keepers and what-not.

We'd all be better off if most of the producers, now devoted to trying to spur people to produce more, were directed at short-cuts between producer and ultimate consumer.

CURRYCOMBS

Another ancient device seems doomed—the currycomb. A vacuum cleaner attachment is taking its place, and is said to do a better job, in addition to greater speed.

AT THE MAJESTIC

"So This Is London" Here for First Showing on Thursday

At the Majestic Thursday night, April 24th, George M. Cohan will present his greatest international comedy success, "So This Is London," with Mr. and Mrs. Cohan in the stellar roles, for an engagement of one night only. This is the famous Anglo-American hit which Mr. Cohan produced at the Hudson Theatre and which ran throughout the entire season of twelve solid months, closing there in July, 1923. This brilliant satirical comedy has been playing to capacity in London, and for ten months at the Prince of Wales Theatre, and the reports are that it has scored just as big a success over there. In Chicago, the Cohan's played a phenomenally successful engagement which lasted over four months. It is this same company which comes to the Majestic Theatre from a triumphant tour of the Pacific Coast, with the entire original production complete in every detail.

The story of the play concerns an American millionaire, who, with his wife and son, are paying their first visit to the British capital. He is one of those extremely patriotic persons, sometimes referred to in the London journals as "a 100 per cent. Yankee." Everything that he sees in England meets with his contempt and emphatic disapproval, at every new adventure he utters an exclamation, "So This Is London!"—hence the title of the play. Much to his consternation he discovers that his son has fallen in love with an English society bud and an international marriage is in prospect. The father of the girl is a very opinionated British Peer, who objects just as strenuously to "foreigners" as the American; consequently there is a furious temperamental conflict until it is all straightened out in the end.

In "So This Is London" both American and Britons are shown as each imagines the other to be. The lesson conveyed, amid gales of laughter, is "See yourself as others see you" and it is said to be a scream from start to finish. The notable company which Mr. Cohan is sending to Danville in support of Mr. and Mrs. Cohan, includes Lumden Hare, Jill Willis, Belle D'Arcy, Chester Morris, Iesh Munro, Facie Rhyple, E. F. East, George V. Brooks and Charles Hancock.

Prices 50c to \$2.50, plus tax. Seat sale opens Monday.

A CHAIN

No stronger than its weakest link. This is likewise true of your health.

Your Kidneys, Heart, Liver, Lungs, Etc., may be unusually strong links, but if your Stomach is not working properly, it is a link that weakens the whole chain.

Most cases of stomach trouble are caused by some of the stomach nerves having pressure on them, at the point where they branch off from the spinal cord. Let us explain more fully, how.

life, he wouldn't recognize nineteenth century civilization, let alone know how to use them until instructed. The same would be true if we, now living, could return to earth in the year 2000. However, people continue doing the same basic tasks, generation after generation, only the tools change.

SUBSTITUTES

Artificial silk—"made from wood," to use a very rough description—is making rapid gains. In a year its production has increased by a half. If the boll weevil gets beyond control, some one probably will discover how to produce cotton synthetically. We live in an artificial age. People no longer laugh at "substitutes."

NARCOTICS

Americans are steadily becoming more nervous and restless comments Dr. Oliver T. Osborne of Yale University. The enormous increase in the use of tobacco shows the desire for narcotics. Pandemic nervousness, he points out, is especially noticeable in the last decade, and it got well under way about 25 years ago. It is more than coincidence, that nervousness began to become a national malady about the time the "efficiency expert" arrived on the job. Driven too fast, beyond endurance, people naturally go to pieces. The Drug Traffic is a result, not a cause. It's the reaction from high-speed living and work.

NEW ORLEANS COTTON.

(By The Associated Press.)

NEW ORLEANS, April 21.—The cotton-market opened easier and first trades showed losses compared with Thursday's close of 12 to 34 points. Liverpool continued closed. The weather over the holidays was generally favorable and the weather map showed practically no rain. Mill takings for last week were small, 170,000 bales against 176,000 last year. Prices continued to ease off after the opening and May soon traded as low as 23.83, July at 27.99 and October at 23.87 or 43 to 52 points down from the previous close. The undertone was generally bearish.
